Blackford High School

**May 2011**

**Optometric Experience**

Dr. Ali Prible (née Norton) began working part-time at Ossian Family Eyecare after moving back home to Northeastern Indiana following graduation from Indiana University School of Optometry in 2019. Practicing in a small town with only one optometry office in the area has provided exposure to many different aspects of optometry. In the practice, Dr. Prible uses a Topcon Maestro 2 to aid her in the diagnosis and treatment of many ocular diseases such as diabetic eye disease, macular degeneration, glaucoma, and other ocular conditions. Dr. Prible's favorite part of working in private practice is developing lifelong relationships with her patients, and becoming an integral part of their overall health and wellbeing.

When she is not practicing at Ossian Family Eyecare, she is providing eye care to the southeastern part of Fort Wayne at Longe Optical. This retail-based practice is primarily made up of pediatric and youth populations, which allows Dr. Prible the opportunity to provide myopia management, and amblyopia therapy to those in need.

As a fourth year in optometry school, Dr. Prible was selected for the prestigious Bascom Palmer Eye Institute rotation, where she got to spend 6 months observing and learning from some of the world's best in eye care. While there, she was asked to help create a sports vision training program for the University of Miami baseball team. She spent the spring season with the team, implementing the training program, and watching the team members improve their batting performance substantially.

### Post-Doctorate Licenses and Certifications

<b>Indiana Optometry License</b>	<b>2019-Current</b>
<b>Indiana Optometric Legend Drug Certificate</b>	<b>2019-Current</b>
<b>Treatment and Management of Ocular Disease Certificate</b>	<b>2019-Current</b>

## **Personal**

Dr. Prible was born in Muncie, Indiana in 1993 and was raised in Hartford City, IN where her parents still reside. She has one older brother, Branigan, who sells insurance for Indiana Farm Bureau in Hartford City, IN. In 2020 she married her husband, Tanner Prible, who grew up in neighboring Wells County and works as a crop insurance specialist for Farm Credit Mid-America. Together they have one son, Tatum "Tate" Prible, who was born December 2021. As a family, they enjoy farming, golfing, and spending time with their family and friends.
