

QuickLook

4" Color LCD Display Screen,
Battery-powered, Portable
Video Magnifier

Read Anything... Anywhere ... Anytime
... and even Write

QuickLook can help, if regular print is too small or the contrast is too light to read easily. QuickLook is a handheld, full color, electronic print magnifier with a built-in 4" LCD display. View photographs magnified, enlarge the print on prescription bottles, or "spot read" anything ... anywhere ... anytime with QuickLook. It's small enough to conveniently fit in the pocket of a jacket or into a woman's purse.

Features

- Totally wireless – truly 100% portable
- Slimline, compact, and lightweight ... slim 1" thin and weighs only 10 ounces
- 6x magnification, lift to focus even smaller
- Color LCD flat screen display
- Enhanced B/W and Reverse displays, too!
- Grip and hold in your hand in any position
- Built-in rechargeable battery ... up to 1 ½ hours of use. Fast recharge in 2 ½ hours
- Motion sensor to save on battery life
- Plug-in power supply to conserve battery
- 4 contrast levels to enhance the image
- Patented tilt camera for easy writing
- Wrist/neck strap
- Protective carrying case with beltloop

Many people with low vision caused by Macular Degeneration, Diabetic Retinopathy, Glaucoma, Cataracts, or RP, can read more comfortably with QuickLook. Even if you use up to a 12x magnifying glass, QuickLook's video enhancement, contrast levels, and choice of Positive or Reverse image may help you to read more easily and with less effort.

Read Anywhere, Anytime ...

- ♦ Price tags in stores
